

WAYS TO PAY YOUR RENT

Paying your rent

Castlehill understands that these unpredictable times may make it difficult for you to pay your rent. If you are finding that your current situation is affecting your ability to pay your bills, please contact your Housing Officer as soon as possible. They can help you navigate the help you can access and try to prevent arrears from escalating.

We recognise that there will have to be a degree of flexibility concerning rent, but it should remain your priority bill. Rent and services will be charged in the normal way on the 1st of the month and there are many ways you can make payments, details of which are all available on the Castlehill website.

Allpay

We know many of our tenants use the **Allpay system** to pay their rent and bills. Castlehill tenants can now use some additional Allpay services, to help tenants pay their rent without having to leave home.

Those who use Allpay can make secure online payments using their card at www.allpayments.net. It is quite simple, you use your payment reference number or the number on the barcode from the Allpay card and your bank card.

For those who cannot access the internet for payment purposes, you can also use your Allpay card to make telephone payments, 0330 135 9510 there is a simple automated telephone system which is available to those tenants who wish to use it – again you simply have to register and the system will take you through making a payment.

Allpay also offers a mobile app – which is available on both Android and Apple smartphones – again after you set it up using your bank card you can make regular payments.

Universal Credit

Universal Credit is a payment to help with your living costs. You may be able to get it if you're on a low income or out of work. If you are entitled to Universal Credit your eligible housing costs are included in your monthly payment.

Housing Benefit

You can claim Housing Benefit if you are responsible for paying rent in the property you live in and have reached state pension age. You may still be able to make a claim for Housing Benefit if you are working age and you already get Jobseeker's Allowance (Income-Based), Employment and Support Allowance (Income-Related) or Income Support and your award includes the severe disability premium.

If you do not fall into one of the above categories and need help with your housing costs, you should make an application for Universal Credit.
