The Group will comprise both members of staff, representing all sites including schemes, and members of the Management Committee.

The CWG has no powers and recommendations are referred to the Management Committee or appropriate Sub Committee.

It is envisaged that many of the issues discussed by the CWG will be connected to the human resources function, such as:

- Terms and Conditions of Employment
- Introduction or amendment of general employment related policies and procedures
- Training strategies and staff development

However, the CWG would also be able to discuss corporate issues such as:

- Major changes to the Association's objectives
- Proposed changes for office accommodation
- Major changes proposed to staff structure
